# Directors' report

The directors present their report together with the financial statements of Defence Bank Limited ("Defence Bank" or "the Bank") and the consolidated financial statements for the consolidated group ("the Group") comprising Defence Bank and its controlled entities, for the financial year ended 30 June 2026. In order to comply with the provisions of the Corporations Act 2001, the directors report as follows:

## Information about the directors

The names and particulars of the directors in office during or since the end of the financial year and their roles during the year are as below. All the Bank's directors are independent non-executive directors.

| Name                                                                   | Qualifications and Roles                                                                       | Appointment period                                                                                               |
|------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
| Mr Bruce MURPHY                                                        | BSc, MCom, PGD, GAICD.<br><i>Chair of the Board.</i>                                           | Initially appointed to the Board on 5 May 2012.<br>Most recently re-elected to the Board on 25 November 2025.    |
| Ms Anne MYERS                                                          | MBA (AGSM), FAICD.<br><i>Chair of Governance and Remuneration Committee</i>                    | Initially appointed to the Board on 23 November 2015. Most recently re-elected to the Board on 22 November 2024. |
| Ms Pam REBECCA                                                         | BBus(Accy)(with Distinction), MBA, GAICD.<br><i>Chair of the Risk and Compliance Committee</i> | Initially elected to the Board on 23 November 2020. Most recently re-elected to the Board on 27 November 2023.   |

| P Lahiff      | 5                  | 4        | -                  | -        | 3                   | 3        | -                  | -        | 3                           | 3        |

## Principal activities

The principal activities of the Group during the financial year were the raising of funds and the application of those funds in providing financial products and services to its members.

## Review of operations

### a. Operating profit

During the financial year the Group earned a net profit of \$15,909 thousand (2025: \$16,726 thousand) after providing \$6,980 thousand (2025: \$7,113 thousand) for income tax expense.

### b. Deposit and lending growth

During the financial year the Group grew deposits and lending as follows:

|                        | 2026<br>\$000 | 2025<br>\$000 | Increase /<br>(Decrease)<br>\$000 | Increase /<br>(Decrease)<br>% |
|------------------------|---------------|---------------|-----------------------------------|-------------------------------|
| Total assets           | 4,861,455     | 4,354,798     | 506,657                           | 11.6                          |
| Total deposits         | 3,914,897     | 3,511,010     | 403,887                           | 11.5                          |
| Total equity           | 281,894       | 265,985       | 15,909                            | 6.0                           |
| Net loans and advances | 4,105,456     | 3,711,295     | 394,161                           | 10.6                          |

### c. Distribution network

The Banks network of 26 branches remains the largest on-base branch network in the Australian Defence Force (ADF). The Bank assesses its branch network on an ongoing basis to take into account operational changes within the ADF, as well as the increasing preference of members to transact via digital channels. During the year the Bank ceased trading at its RAAF Darwin branch due to ongoing challenges related to the suitability of the location. The Bank has commenced activity to locate suitable alternative locations in the Darwin area.

### d. Product development and awards

The Bank continues to improve products and services for members and was proud to win a number of awards throughout the year. This included winning the We Money award for Defence Services Bank of the Year, for the fifth consecutive year. The Bank also received category wins from We Money for the Best Low Rate Credit card for its Defence Bank Foundation credit card, Lender of the Year (Defence Services) for its Car Loan and Youth account of the year (Defence Services). The Bank's award winning mobile banking app continues to rate highly on both the Apple Store and Google Play and continues to offer a full suite of digital payment methods - Apple, Google, Garmin and Samsung pay. The Bank recognises that whilst digital payments are the preferred transaction method for most members, fee-free access to cash remains important and the Bank has continued to provide members access to both the Next ATM and ATMx networks which includes more than 6,000 machines, in addition to fee-free access continuing to remain available via the Banks own ATM network and that of the major banks.

# Directors' report

## Review of operations (continued)

### e. Defence Bank Foundation and Defence Community Dogs

The Bank continued its support of the Defence Bank Foundation, which was established as an independent charity to help injured, wounded and disadvantaged serving and former ADF personnel and their families. The Bank undertakes administrative functions for the Foundation as well as assisting with fund raising activities on behalf of the Foundation. The primary beneficiary of the Foundation's activities throughout the financial year was Defence Community Dogs Pty Limited which provides trained assistance dogs to veterans living with post-traumatic stress and other service-related challenges. The Defence Bank Foundation credit card provides support to the Defence Community Dogs program with half of the annual fees for this credit card being donated to the Defence Bank Foundation.

### f. Our community

The Bank has continued to support the defence community through sponsorships across a range of community categories including ADF sporting clubs, Military Wives Choir, Military Wife podcast, Bravery Trek and DEFGLIS. The Bank considers itself a proud member of the defence community with its employees attending numerous on-base events throughout the year, connecting directly with Defence members and their families, listening to their stories and building meaningful relationships within the communities it serves. The Bank remains committed to giving back to the community with contributions during the financial year totalling \$94 thousand.

### g. Employee engagement

The Bank continues to partner with InSync to independently survey its employees twice per year to measure employee engagement. Employee engagement was measured at 80% (2025: 75%) which places the Bank in the top quartile when compared to peer financial services organisations. The Bank recognises the importance of flexibility in the workplace and following a successful pilot program has implemented its Work-Life-Fit initiative which recognises that every employee's circumstances are different and provides greater flexibility to balance professional and personal priorities. Employee feedback shows that 90% of employees are satisfied with Work-Life-Fit and consistently identify flexibility as one of the things they value most about working at Defence Bank. The Bank also recognises the importance of building an inclusive workplace and during the year made significant progress in reducing the gender pay gap from 31% to 25%.

### h. Defence Home Ownership Assistance Scheme (DHOAS)

The Bank has continued to focus on providing eligible defence personnel competitive home loans under this scheme. The scheme was expanded in November 2022 which reduced the minimum service periods for eligibility and removed the current post separation timeframe to allow veterans to access the scheme any time after they leave the ADF. The Bank continues to experience strong demand for loans under the scheme with the value of DHOAS loans outstanding increasing by 11% over the financial year.

### i. Member experience

During the financial year the bank continued to measure member advocacy via the Net Promoter Score (NPS) and Member Effort Score (MES). Achieving a NPS score of +61 (2025: +61) and a MES of 87% (2025: 86%). This result continues to soundly outperform the major banks.

### j. Scams

As a member of the Customer Owned Banking Association (COBA) the Bank is committed to delivering the requirements of the Scam-Safe Accord, which is designed to tackle the rising number of sophisticated frauds. During the financial year the Bank has invested heavily to meet the requirements of the Scams Prevention Framework (SPF) and will be compliant with these requirements well ahead of the SPF scheduled start date. The Bank continues to implement enhancements to detect and disrupt fraudulent activity. During the financial year these included:

- confirmation of payee for real time payments via the New Payments Platform across both the Banks on-line banking and mobile app platforms;
- a significant expansion in the use of the Banks Verify Defence Bank service, which allows members to use the secure messaging function within the Bank's mobile app to authenticate the identity of callers claiming to be from the Bank.
- 24hr holds on payments to previously unknown payees for \$5,000 or more; and,
- timely alerts to members via email, SMS, social media, mobile app and website channels during periods of heightened scam activity.

The Bank participates in various forums such as Data Action's Scam Safe Client Forum, the COBA fraud symposiums and the Fraud Reporting Exchange which operates as part of the Australian Financial Crime Exchange.

## Significant changes in the state of affairs

Other than those matters detailed in the review of operations, there were no significant changes in the state of affairs of the Group during the financial year.

# Directors' report

## Likely developments and expected results

The Group's objectives over the next and subsequent financial years are to continue to improve service to members and to achieve growth in appropriate areas of operations. With regard to products and services, management regularly reviews all existing and available products, services and delivery mechanisms to ensure that they meet the existing and future needs of members.

## Subsequent events

Since the end of the financial year, the directors have not become aware of any matters or circumstances that may significantly affect the operations, results of those operations, or the state of affairs of the Group.

## Dividends

The only class of share on issue is member shares. Under the terms of the Bank's constitution member shares are not entitled to receive dividends. As such, no dividends have been declared or paid.

## Contracts in which directors have an interest

Since 1 July 2024, no director has received or become entitled to any benefit (other than a benefit included in the aggregate amount of remuneration received or due and receivable by directors and shown in the accounts) from a contract between the Group and themselves, their firm or a company in which they have a substantial interest.

## Directors', officers' and auditor's indemnity

The Bank's constitution (clause 17.3) permits the Bank to indemnify officers of the Bank against certain liabilities incurred in the execution and discharge of the officer's duties. The Corporations Act 2001 (Section 199A) restricts the Bank from providing indemnity against certain liabilities that officers incur while acting in their positions. The indemnity that the Bank provides for its officers is consistent with the requirements of the Corporations Act 2001. The Bank's ability to indemnify extends to all directors, secretaries, executive officers and employees. During the financial year, the Bank has paid the premium for an insurance policy for directors and officers, for the benefit of the Bank. The Bank has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Bank, or of any related body corporate, against a liability incurred as such an officer or auditor. In accordance with common commercial practice, the insurance policy prohibits disclosure of the nature of the liability insured against and the amount of the premium. In the event of there being a claim against this insurance policy, the Bank would meet the costs and expenses incurred in defending such proceedings on behalf of the eligible person(s), up to the excess amount specified in the policy, where such action was compatible with the requirements of the Corporations Act 2001.

## Auditor's independence

A copy of the external auditor's independence declaration, as required under Section 307c of the Corporations Act 2001, is provided on page 7.

## Rounding of amounts

The Group is a company of the kind referred to in ASIC Corporations (Rounding in financial / directors' reports) Instrument 2016/191, dated 24 March 2016. In accordance with that Instrument, amounts in the directors' report and the financial statements are rounded to the nearest thousand dollars, unless otherwise indicated.

This report is signed in accordance with a formal resolution of the Board of directors.

The Board of Directors  
Defence Bank Limited  
Level 10, 31 Queen Street  
Melbourne VIC 3000

Dear Board Members

## Auditor's Independence Declaration to Defence Bank Limited

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of Defence Bank Limited.

As lead audit partner for the audit of the financial report of Defence Bank Limited for the financial year ended 30 June 2026, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- The auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- Any applicable code of professional conduct in relation to the audit.

Yours faithfully

A handwritten signature in black ink that reads "Deloitte Touche Tohmatsu".

## Independent Auditor's Report to the Members of Defence Bank Limited

### *Opinion*

We have audited the financial reports of Defence Bank Limited (the "Bank") and its subsidiary (the "Group") which comprises the Group and the Bank's consolidated statements of financial position as at 30 June 2026, the consolidated statement of profit or loss and other comprehensive income, the consolidated statements of changes in equity and the consolidated statements of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information, the Consolidated Entity Disclosure Statement and the directors' declaration.

In our opinion, the accompanying financial reports of the Group and the Bank are in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group and the Bank's financial position as at 30 June 2026 and of their financial performance for the year then ended; and
- Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### *Basis for opinion*

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Reports* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board (the Code) that are relevant to audits of the financial reports of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Bank, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Other information*

The directors are responsible for the other information. The other information comprises the information included in the Group and the Bank's annual report for the year ended 30 June 2026, but does not include the financial reports and our auditor's report thereon.

Our opinion on the financial reports does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial reports, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial reports or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Liability limited by a scheme approved under Professional Standards Legislation.

# Independent auditor's report

## *Responsibilities of the directors for the financial reports*

The directors are responsible:

- For the preparation of the financial reports in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Group and the Bank in accordance with Australian Accounting Standards and
- For such internal control as the directors determine is necessary to enable the preparation of the financial reports in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Group and the Bank, and are free from material misstatement, whether due to fraud or error.

In preparing the financial reports, the directors are responsible for assessing the ability of the Group and the Bank to continue as going concerns, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Bank or to cease operations, or has no realistic alternative but to do so.

## *Auditor's responsibilities for the audit of the financial reports*

Our objectives are to obtain reasonable assurance about whether the financial reports as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial reports.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial reports, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group or the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group or the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial reports or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group or the Bank to cease to continue as going concerns.
- Evaluate the overall presentation, structure and content of the financial reports, including the disclosures, and whether the financial reports represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group as a basis for forming an opinion on the Group financial report. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

# Independent auditor's report

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Notes to the financial statements

for the financial year ended 30 June 2026

In the notes that form part of the financial statements, a number of abbreviations are used. These abbreviations mean the following:

**AASB** means the Australian Accounting Standards Board.  
**ADI** means Authorised Deposit-taking Institution.  
**ALLC** means the Defence Bank Asset, Liability and Liquidity Committee.  
**APRA** means the Australian Prudential Regulation Authority.  
**ASIC** means the Australian Securities and Investments Commission  
**CUFSS** means the Credit Union Financial Support Scheme.  
**Cuscal** means Cuscal Limited.  
**ECL** means Expected Credit Losses.

**FVTPL** means Fair Value Through Profit or Loss.  
**GST** means Goods and Services Tax.  
**IASB** means the International Accounting Standards Board.  
**IFRIC** means International Financial Reporting Interpretations Committee.  
**IFRS** means International Financial Reporting Standards.  
**LVR** means Loan to Value Ratio.  
**RBA** means the Reserve Bank of Australia.  
**RMBS** means Residential Mortgage Backed Securities.

## 1. General information

The Group comprises Defence Bank Limited ("the Bank") and its controlled entities, as disclosed within notes 3c and 30. The Bank is a limited company incorporated in Australia. The principal place of business is Level 10, 31 Queen Street, Melbourne, VIC 3000.

The principal activities of the Group during the reporting period were the raising of funds and the application of those funds in providing financial products and services to its members.

## 2. Application of new and revised accounting standards

### a. Amendments to AASBs and the new Interpretations that are mandatorily effective for the current year

In the current year, the Group has applied a number of amendments to AASBs issued by the AASB that are mandatorily effective for an accounting period that begins on or after 1 July 2025, and therefore relevant for the current financial year.

#### **AASB 2023-5 Amendments to Australian Accounting Standards - Lack of Exchangeability**

Specifies how to assess whether a currency is exchangeable and how to determine the exchange rate when it is not. The Group does not have any such foreign currency exposure, but will apply the amendments if any such exposures are entered into in the future.

The effect of these amendments on the Group's financial statements is immaterial.

### b. Standards and Interpretations in issue not yet adopted

In addition, at the date of authorisation of the financial statements, the following IASB Standards and IFRIC Interpretations were on issue but not yet effective, and the Australian equivalent Standards and Interpretations had not been issued. Unless otherwise stated below, the Group does not intend to adopt the standard early and the impact and potential effect of the revised Standards / Interpretations on the Group's financial statements are immaterial.

| Standard/Interpretation                                                                                                                                                                                                                                                                                                                                                   | Effective for annual reporting periods beginning on or after | Expected to be initially applied in the financial year ending |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------|---------------------------------------------------------------|
| <i>AASB 18 Presentation and Disclosure in Financial Statements</i><br>AASB 18 replaces AASB 101 <i>Presentation of Financial Statements</i> , and seeks to introduce enhanced requirements for the presentation of financial statements, focusing on information in the statement of profit or loss, with limited amendments in AASB 107 <i>Statement of Cash Flows</i> . | 1 January 2027                                               | 30 June 2028                                                  |
| <i>AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture.</i>                                                                                                                                                                                                                | 1 January 2028                                               | 30 June 2029                                                  |

# Notes to the financial statements

for the financial year ended 30 June 2026

## 3. Material accounting policy information

### a. Statement of compliance

These financial statements are general purpose financial statements which have been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and Interpretations, and comply with other requirements of the law. The financial statements comprise the consolidated financial statements of the Group. For the purposes of preparing the consolidated financial statements, the Company is a for-profit entity. Compliance with Australian Accounting Standards ensures that the financial statements and notes of the Group and the Bank comply with IFRS as issued by the International Accounting Standards Board. Consequently, this financial report has been prepared in accordance with, and complies with, IFRS as issued by the IASB.

The financial statements were authorised for issue by the directors on 15 October 2026.

### b. Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost, except for certain financial instruments that are measured at revalued amounts or fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair values of the consideration given in exchange for goods and services. All amounts are presented in Australian dollars, unless otherwise noted.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Group is a company of the kind referred to in ASIC Corporations (Rounding in financial/directors' Reports) Instrument 2026/183, dated March 2026. In accordance with that Instrument, amounts in the directors' report and the financial statements are rounded to the nearest thousand dollars, unless otherwise indicated.

The directors have, at the time of approving the financial statements, a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future. Thus, the group has applied the going concern basis of accounting in preparing the financial statements.

### c. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Bank, being the parent entity and its controlled entities. Combined, the Bank and its controlled entities are referred to in these financial statements as the Group. The name of the controlled entity is disclosed within note 30 to these financial statements. The controlled entity has a 30 June financial year end and is accounted for by the Bank at cost. Control is achieved when the Bank:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 3. Material accounting policy information (continued)

### c. Basis of consolidation (continued)

The Bank reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. Controlled entities pertain to subsidiaries and are fully consolidated from the date on which control is transferred to the Bank. They are de-consolidated from the date that control ceases. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

### d. Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in a contract with a customer or member. The Group recognises revenue when it transfers control of a product or service to a customer or member in line with its performance obligations in the contract with the customer or member.

Interest income from a financial asset is recognised using its effective interest rate, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to the carrying amount on initial recognition. When a financial asset is classified as impaired, the Group ceases to recognise interest, although the Group will subsequently recognise interest income should the financial asset be returned to a non-impaired status.

Fee and commission income is recognised either at a point in time, or over time, in line with when the right to receive consideration has been attained or when service to the customer has been rendered.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

### e. Leasing

#### The Group as lessee

The Group assesses whether a contract is, or contains, a lease at inception of the contract, based on the concept of control. The Group distinguishes between leases and service contracts on the basis of whether the use of an identified asset is controlled by the Group, with control considered to exist if the Group has the right to obtain substantially all of the economic benefits from the use of an identified asset, and the right to direct the use of that asset.

The Group recognises a right of use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets (such as tablets and personal computers, small items of office furniture and telephones). For these short term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. These expenses are presented within "Other expenses" in the consolidated statement of profit or loss.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and,
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made. The Group remeasures the lease liability (and makes a corresponding adjustment to the related right of use asset) whenever:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate;

# Notes to the financial statements

for the financial year ended 30 June 2026

## 3. Material accounting policy information (continued)

### e. Leasing (continued)

- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which case the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used);
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The right of use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under AASB 137. To the extent that the costs relate to a right of use asset, the costs are included in the related right of use asset.

Right of use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right of use asset reflects that the Group expects to exercise a purchase option, the related right of use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right of use assets are presented as a separate line in the consolidated statement of financial position.

The Group applies AASB 136 to determine whether a right of use asset is impaired and accounts for any identified impairment loss as described in the 'Property, plant and equipment' policy.

### f. Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave when it is probable that settlement will be required and they are capable of being measured reliably. Liabilities recognised in respect of short-term employee benefits, are measured at their nominal values using the remuneration rate expected to apply at the time of settlement. Liabilities recognised in respect of long term employee benefits are measured as the present value of the estimated future cash outflows to be made by the Group in respect of services provided by employees up to the reporting date.

### g. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

#### Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from profit before tax as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available, against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 3. Material accounting policy information (continued)

### g. Taxation (continued)

#### Deferred tax (continued)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted, or substantively enacted, by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

### h. Property, plant and equipment

Deferred tax liabilities and assets are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities, and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The estimated useful lives used for property, plant and equipment are as follows:

|                        |                    |
|------------------------|--------------------|
| Leasehold improvements | 3 years - 10 years |
| Plant and equipment    | 2 years - 10 years |

Assets costing less than \$1,000 are not capitalised, but are expensed.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

### i. Intangible assets

Intangible assets with finite lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation methods are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The estimated useful life used for intangible assets are as follows:

|                   |                     |
|-------------------|---------------------|
| Computer software | 2.5 years - 5 years |
|-------------------|---------------------|

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Following guidance from IFRIC, with regards to capitalisation of certain costs within intangible assets, specifically in relation to the configuration and customisation costs incurred in implementing Software-as-a-Service ("SaaS") arrangements, it is the Bank's policy to expense all such items as incurred.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 3. Material accounting policy information (continued)

### j. Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal or value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

### k. Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

### l. Financial instruments

Financial assets and financial liabilities are recognised when a Group entity becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

#### Financial assets

All purchases or sales of financial assets are recognised and derecognised on a trade date basis. Purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### *Classification of financial assets*

Financial assets that meet the following conditions are measured subsequently at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are measured subsequently at fair value through profit or loss (FVTPL).

# Notes to the financial statements

for the financial year ended 30 June 2026

## 3. Material accounting policy information (continued)

### I. Financial instruments (continued)

#### *Effective interest method*

The effective interest method is a method of calculating the amortised cost of a financial asset or liability, and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition

#### *Cash and cash equivalents*

Cash comprises notes and coins on hand and unrestricted balances held with other financial institutions. Cash equivalents are highly liquid investments which are subject to an insignificant risk of changes in their fair value, and are carried at amortised cost.

#### *Investments at amortised cost*

Investments where the Group's objective is to hold the financial assets to collect the contractual cash flows, which are solely payments of principal and interest, are classified as 'Amortised cost'. Amortised cost investments are measured at amortised cost using the effective interest method less any expected credit losses.

#### *Loans and receivables*

Trade receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortised cost using the effective interest method, less any expected credit losses.

#### *Equity investments*

The Group previously held an investment in unlisted shares that were not traded in an active market but were classified as FVTPL and stated at the best estimate of fair value, as disclosed in note 11. Any fair value gains or losses were recognised in profit or loss. Dividends on these equity instruments were recognised in profit or loss when the Group's right to receive the dividends was established.

#### *Impairment of financial assets*

Impairment of financial assets is measured using an expected credit loss model. The expected credit loss model requires the Group to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition.

The recognition of expected credit losses is based on a three-stage process which is intended to reflect the deterioration in credit quality of a financial instrument.

- Stage 1 covers financial instruments for which there has not been a significant increase in credit risk (SICR) since initial recognition;
- Stage 2 covers financial instruments for which there has been a SICR but where there is no objective evidence of impairment;
- Stage 3 covers financial assets that have objective evidence of impairment at the reporting date, assessed on an individual basis with reference to the specific circumstances of that financial asset. Objective evidence of impairment is generally taken to be 90 days past due, or other indication of financial difficulty.

12-month expected credit losses (ECL) are recognised in stage 1, while lifetime ECL are recognised in stages 2 and 3. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date. The Group has accepted the rebuttable presumption within AASB 9 that the credit risk on a financial instrument has increased significantly when contractual payments are more than 30 days past due. The ECL for credit-impaired financial assets is generally measured as the difference between the contractual and expected cashflows.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument, taking account of the probability of default (PD), the loss given default (LGD) and the exposure at default (EAD), and includes a forward-looking macroeconomic assessment and overlays designed to represent model risk and possible future changes to underwriting risk appetite.

## 3. Material accounting policy information (continued)

### I. Financial instruments (continued)

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the expected credit loss decreases and the decrease can be related objectively to an event occurring after the expected credit loss was recognised, the previously recognised expected credit loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the expected credit loss is reversed does not exceed what the amortised cost would have been had the expected credit loss not been recognised.

Expected credit losses for financial assets such as cash, investments and trade and other receivables have been determined by the Group to be immaterial.

#### *Definition of default*

The Group considers a financial asset to be in default when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collateral held by the group).

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

#### *Write-off policy*

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

#### *Modifications of financial assets and liabilities*

Where the terms of a financial asset are modified, the Group evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised and a new financial asset is recognised at fair value plus any eligible transaction costs. Any fees received as part of the modification are accounted for as follows:

- fees that are considered in determining the fair value of the new asset and fees that represent reimbursement of eligible transaction costs are included in the initial measurement of the asset; and
- other fees are included in profit or loss as part of the gain or loss on derecognition.

If cash flows are modified when the borrower is in financial difficulties, then the objective of the modification is usually to maximise recovery of the original contractual terms rather than to originate a new asset with substantially different terms. If a financial asset is modified in a way that would result in forgiveness of cash flows, then the Group first considers whether a portion of the asset should be written off before the modification takes place. This approach impacts the results evaluation and means that the derecognition criteria are not usually met in such cases. If the modification of a financial asset measured at amortised cost or FVOCI does not result in derecognition of the financial asset, then the Group first recalculates the gross carrying amount of the financial asset using the original effective interest rate.

The Group derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in profit or loss. Consideration paid includes non-financial assets transferred, if any, and the assumption of liabilities, including the new modified financial liability. If the modification of a financial liability is not accounted for as derecognition, then the amortised cost of the liability is recalculated by discounting the modified cash flows at the original effective interest rate and the resulting gain or loss is recognised in profit or loss. For floating-rate financial liabilities, the original effective interest rate used to calculate the modification gain or loss is adjusted to reflect current market terms at the time of the modification. Any costs and fees incurred are recognised as an adjustment to the carrying amount of the liability and amortised over the remaining term of the modified financial liability by re-computing the effective interest rate on the instrument.

for the financial year ended 30 June 2026

## 3. Material accounting policy information (continued)

### l. Financial instruments (continued)

#### *Derecognition of financial assets*

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

#### *Financial liabilities*

Financial liabilities, including borrowings, deposits and trade and other payables, are initially measured at fair value, net of transaction costs. Financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

#### *Securities sold under agreements to repurchase*

Financial assets are pledged as collateral as part of sales and repurchase transactions. When the Group sells a financial asset and enters into an agreement to repurchase the asset at a fixed price on a future date, the arrangement is accounted for as a borrowing and the underlying financial asset continues to be accounted for in the Group's financial statements.

#### *Floating rate subordinated notes*

Floating rate subordinated notes are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost. Interest is recognised using the effective interest rate method.

#### *Deposits*

Deposits are brought to account at the aggregate amount owing to depositors. Interest on deposits is brought to account on an effective interest rate basis in accordance with the interest rate terms and conditions applicable to each account.

### m. Goods & Service Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except:

- where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- for receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables. Cash flows are included in the consolidated statement of cash flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified within operating cash flows.

### n. Securitisation

Where the Group enters into a transaction that substantially transfers all the risk and rewards of ownership of the transferred assets, the Group derecognises the transferred assets. Where the Group enters into transactions that transfer assets recognised on its consolidated statement of financial position but retains substantially all of the risks and rewards of ownership of the transferred assets, the transferred assets are not derecognised by the Group.

In the case of all series of DBL Funding Trust No.1, the Group, and specifically the Bank as residual income unitholder, holds a first loss position, and therefore retains substantially all of the risks and rewards of ownership of the transferred assets.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 4. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 3, the directors of the Board are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

### a. Critical judgements in applying accounting policies

The following are critical judgements that the directors have made in the process of applying the Group's accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements.

#### Investments at amortised cost

The directors have reviewed the Group's investments at amortised cost in light of its capital maintenance and liquidity requirements and have confirmed the Group's objective to hold these assets with the intention of collecting the contractual cash flows. The carrying amount of investments at amortised cost is \$577,513 thousand (2025: \$519,901 thousand). Details of these assets are included in note 10.

### b. Critical sources of estimation uncertainty

The following are the key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. There have been no material changes in the estimation techniques or significant assumptions made in the reporting period ended 30 June 2026.

#### Provision for impairment of loans and advances

Expected credit losses for loans and advances represent the Group's best assumptions of losses incurred in the loan portfolio at the end of the reporting period. The Group is required to exercise judgement in making assumptions and estimates when calculating the ECL, and undertakes a probability-weighted assessment, taking account of the probability of default, the loss given default and the exposure at default, including a forward-looking macroeconomic assessment and the use of overlays designed to represent model risk and possible future changes to underwriting risk appetite. (Refer to note 3(l) for further detail).

#### Expected life of a loan

Fee income earned and expenses incurred in the origination of loans and advances are deferred, and are initially recognised as part of the amortised cost of a loan. These amounts are then brought to account as and when the service is provided, over the average expected life of the loan, which is estimated to be 5 years (2025: 5 years) using historical loan data. The amounts brought to account are recognised as part of net interest income.

## 5. Interest income and interest expense

The following tables show the average balance for each of the major categories of interest-earning assets and interest-bearing liabilities, the amount of interest income or expense and the average effective interest rate:

|                                     | Group                       |                             |                               | Bank                        |                             |                               |
|-------------------------------------|-----------------------------|-----------------------------|-------------------------------|-----------------------------|-----------------------------|-------------------------------|

# Notes to the financial statements

for the financial year ended 30 June 2026

## 7. Income tax expense

Income tax expenses recognised in profit or loss:

|                                                                                       | Group |         | Bank  |         |
|---------------------------------------------------------------------------------------|-------|---------|-------|---------|
|                                                                                       | 2026  | 2025    | 2026  | 2025    |
|                                                                                       | \$000 | \$000   | \$000 | \$000   |
| Current tax expense:                                                                  |       |         |       |         |
| - in respect of current year                                                          | 7,614 | 8,498   | 7,614 | 8,498   |
| - in respect of prior year                                                            | (6)   | (4)     | (6)   | (4)     |
| Deferred tax income relating to the origination and reversal of temporary differences | (628) | (1,381) | (628) | (1,381) |
| Income tax expense                                                                    | 6,980 | 7,113   | 6,980 | 7,113   |

The income tax expense for the year can be reconciled to profit before income tax as follows:

|                                                                                      |        |        |          |          |
|--------------------------------------------------------------------------------------|--------|--------|----------|----------|
| Profit before income tax                                                             | 22,889 | 23,839 | 24,245   | 25,022   |
| Income tax calculated at 30% (2025: 30%)                                             | 6,867  | 7,152  | 7,272    | 7,507    |
| Effect of expenses that are not deductible in determining taxable profit             | 119    | 43     | 8,530    | 8,994    |
| Effect of income that is not assessable in determining taxable profit                | -      | -      | (19,445) | (20,441) |
| Effect of income that is assessable in determining taxable profit                    | -      | 33     | 10,629   | 11,168   |
| Effect of imputation credits                                                         | -      | (111)  | -        | (111)    |
| Adjustments recognised in the current year in relation to current tax of prior years | (6)    | (4)    | (6)      | (4)      |
| Income tax expense                                                                   | 6,980  | 7,113  | 6,980    | 7,113    |

## 8. Franking credits balance

The amount of franking credits available for the subsequent financial year are as follows:

|                                                                                                                 |         |         |         |         |
|-----------------------------------------------------------------------------------------------------------------|---------|---------|---------|---------|
| Franking account balance as at the end of the financial year at 30% (2025: 30%)                                 | 157,443 | 145,516 | 157,443 | 145,516 |
| Franking credits that will decline from the refund of income tax receivable as at the end of the financial year | (3,858) | (3,184) | (3,858) | (3,184) |
|                                                                                                                 | 153,585 | 142,332 | 153,585 | 142,332 |

Since, under corporations and tax laws, the Group may only pay a dividend on shares to which a right to participate in dividends attaches, these franking credits are not presently available to members.

for the financial year ended 30 June 2026

## 9. Cash and cash equivalents

|                                                 | Group   |         | Bank    |        |
|-------------------------------------------------|---------|---------|---------|--------|
|                                                 | 2026    | 2025    | 2026    | 2025   |
|                                                 | \$000   | \$000   | \$000   | \$000  |
| Cash on hand                                    | 1,619   | 1,952   | 1,619   | 1,952  |
| Call deposits with ADIs                         | 139,433 | 89,614  | 139,433 | 89,614 |
| Restricted cash on deposit with ADIs            | 26,978  | 23,031  | -       | -      |
|                                                 | 168,030 | 114,597 | 141,052 | 91,566 |
| Interest receivable - cash and cash equivalents | 320     | 237     | 320     | 237    |
|                                                 | 168,350 | 114,834 | 141,372 | 91,803 |

Restricted cash on deposit with ADIs represents cash collections remitted by the Bank to DBL Funding Trust No. 1. The use of these funds is restricted under the terms of the DBL Trusts Master Servicing Deed.

## 10. Investments

|                                                    | Group and Bank |         |

|--------------------------------------|---|---|
| Unlisted shares in Cuscal - at FVTPL | - | - |
|--------------------------------------|---|---|

The unlisted Cuscal shares were sold on 28 November 2024 for \$6,828 thousand. A gain of \$1,502 thousand was recognised, representing the difference to the carrying value of \$5,326 thousand.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 12. Trade and other receivables

|                                          | Group |       | Bank   |        |
|------------------------------------------|-------|-------|--------|--------|
|                                          | 2026  | 2025  | 2026   | 2025   |
|                                          | \$000 | \$000 | \$000  | \$000  |
| Other operating receivables <sup>1</sup> | 105   | 166   | 41,908 | 36,666 |
| Trade debtors <sup>2</sup>               | 249   | 386   | 249    | 386    |
|                                          | 354   | 552   | 42,157 | 37,052 |

<sup>1</sup> Other operating receivables for the Bank primarily consist of funds in transit from DBL Funding Trust No. 1 which are expected to be settled in full within one month. As such, no interest is charged.

<sup>2</sup> Trade debtors relate to commissions receivable which are expected to be settled in full within 30 days and are non-interest bearing. As at 30 June 2026 there are no past due or impaired trade and other receivables (2025: Nil).

## 13. Loans and advances

|                                    | Group and Bank |           |
|------------------------------------|----------------|-----------|
|                                    | 2026           | 2025      |
|                                    | \$000          | \$000     |
| Overdrafts                         | 2,512          | 2,622     |
| Credit cards                       | 12,309         | 11,713    |
| Term loans                         | 4,084,773      | 3,691,330 |
| Gross loans and advances           | 4,099,594      | 3,705,665 |
| Provision for impairment           | (1,203)        | (1,242)   |
| Deferred loan fee income           | (464)          | (687)     |
| Deferred loan origination expenses | 7,529          | 7,559     |
| Net loans and advances             | 4,105,456      | 3,711,295 |

Fee income earned and expenses incurred in the origination of loans and advances are deferred, and are initially recognised as part of the amortised cost of the loan. These amounts are then brought to account as and when the service is provided, generally over the expected life of the loan and are included as part of net interest income.

| Changes in the loss provision     |                   |                   |                   |                 |
| - Transfer to stage 1             | 321               | (131)             | (190)             | -               |
| - Transfer to stage 2             | (2)               | 12                | (10)              | -               |
| - Transfer to stage 3             | (6)               | (32)              | 38                | -               |
| - Loans written off               | -                 | (11)              | (48)              | (59)            |
| - Loans discharged                | (80)              | (9)               | (91)              | (180)           |
| - Net change in credit risk       | (407)             | 91                | 360               | 44              |
| New loans and advances originated | 141               | 59                | 30                | 230             |
| Loss provision at 30 June 2025    | 394               | 212               | 636               | 1,242           |

Refer to notes 3(l) and 32(d) for the method by which the loss provision is calculated and for further detail on credit risk.

### f. Concentration of credit risk

There are no loans to a single entity or group of entities which represent 10% or more of total equity. The Group has a concentration of credit risk by industry sector to the Australian Defence community (serving and former members of the Australian Defence Force, Defence civilians, contractors and families of this bond). This concentration is considered to be acceptable on the grounds that the Group was formed to secure the financial needs of these members and the employment concentration is not exclusive. Should members cease employment within the Australian Defence Force, the loans continue and other employment opportunities are available to members to facilitate the repayment of loans.

## 14. Property, plant and equipment

Reconciliation of the movement in the carrying amount of property, plant and equipment is as follows:

|                                                | Group and Bank<br>2026         |                                    |                                 |                                           |                |
|------------------------------------------------|--------------------------------|------------------------------------|---------------------------------|-------------------------------------------|----------------|

| Balance at the beginning of the financial year | 1,674              | 44                          | 223                     | 1,941          |
| Lease modifications                            | -                  | -                           | (8)                     | (8)            |
| Additions                                      | 296                | -                           | 229                     | 525            |
| Depreciation expense                           | (804)              | (44)                        | (189)                   | (1,037)        |
| Balance at the end of the financial year       | 1,166              | -                           | 255                     | 1,421          |

Total cash outflows for the year, in relation to lease obligations, are \$1,179 thousand (2025: \$1,308 thousand). Of this, \$nil (2025: \$1 thousand) relates to short term leases, and \$92 thousand (2025: \$184 thousand) relates to leases of low value assets, neither of which are accounted for under AASB 16, instead being immediately recognised through the statement of profit or loss.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 17. Deferred tax assets

The movement in temporary differences during the financial year is as follows:

|                                                      | Group and Bank              |                                          |                             |
|------------------------------------------------------|-----------------------------|------------------------------------------|-----------------------------|
|                                                      | 2026                        |                                          |                             |

### Maturity analysis

|                          |       |       |
|--------------------------|-------|-------|
| Not longer than one year | 7,611 | 6,841 |
| Longer than one year     | 828   | 664   |
|                          | 8,439 | 7,505 |

# Notes to the financial statements

for the financial year ended 30 June 2026

## 25. Share capital

|                                                    | Group and Bank |               |
|----------------------------------------------------|----------------|---------------|
|                                                    | 2026<br>\$000  | 2025<br>\$000 |
| Balance at the beginning of the financial year     | 1,221          | 1,208         |
| Transfer on redemption of redeemable member shares | 13             | 13            |
| Balance at the end of the financial year           | 1,234          | 1,221         |

Share capital represents the cumulative amount of redeemable member shares redeemed by the Group since 1 July 1999. Corporations law requires that the redemption of shares be made out of profits. Since the value of shares have been paid to members in accordance with the terms and conditions of the share issue, the balance represents the amount of profits appropriated to the account.

## 26. Reserves

|                                                | Group         |               | Bank          |               |
|------------------------------------------------|---------------|---------------|---------------|---------------|
|                                                | 2026<br>\$000 | 2025<br>\$000 | 2026<br>\$000 | 2025<br>\$000 |
| Balance at the beginning of the financial year | 264,764       | 248,051       | 278,233       | 260,337       |
| Transfer from retained earnings                | 15,896        | 16,713        | 17,252        | 17,896        |
| Balance at the end of the financial year       | 280,660       | 264,764       | 295,485       | 278,233       |

The reserve comprises the aggregate amount of all retained profits from ordinary activities after income tax since the Group's inception, less the aggregate amount relating to the redemption of redeemable member shares. Its purpose is to illustrate that, in a mutual organisation, these amounts are not available for distribution as dividends and that the reserve clearly represents members' equity in the Group.

## 27. Retained earnings

|                                                                        | Group         |               | Bank          |               |
|------------------------------------------------------------------------|---------------|---------------|---------------|---------------|
|                                                                        | 2026<br>\$000 | 2025<br>\$000 | 2026<br>\$000 | 2025<br>\$000 |
| Profit from continuing operations after income tax                     | 15,909        | 16,726        | 17,265        | 17,909        |
| Transfers to share capital upon redemption of redeemable member shares | (13)          | (13)          | (13)          | (13)          |
| Transfers to general reserve                                           | (15,896)      | (16,713)      | (17,252)      | (17,896)      |
| Retained earnings at the end of the financial year                     | -             | -             | -             | -             |

# Notes to the financial statements

for the financial year ended 30 June 2026

## 28. Note to the statement of cash flows

For the purpose of the consolidated statement of cash flows, cash and cash equivalents includes cash on hand and balances held with other financial institutions. Profit for the year from continuing operations can be reconciled to net cash flows from operating activities as follows:

|                                                                                | Group     |           | Bank      |           |
|--------------------------------------------------------------------------------|-----------|-----------|-----------|-----------|
|                                                                                | 2026      | 2025      | 2026      | 2025      |
|                                                                                | \$000     | \$000     | \$000     | \$000     |
| Profit for the year from continuing operations                                 | 15,909    | 16,726    | 17,265    | 17,909    |
| <b>Non-cash items</b>                                                          |           |           |           |           |
| Net gain on equity investments designated as fair value through profit or loss | -         | (1,502)   | -         | (1,502)   |
| Increase in provision on loans and advances                                    | 69        | 132       | 69        | 132       |

|                                                  | 2025           |          |           |         |         |         |
|                                                  | Repo Series    | Series   | ANZ       | Salute  | Salute  | Total   |
|                                                  | No. 1          | 2015-1PP | Warehouse | Series  | Series  |         |
|                                                  | \$000          | \$000    | Series    | 2021-1  | 2024-1  | \$000   |
|                                                  |                |          | \$000     | \$000   | \$000   | \$000   |
| Mortgage receivables                             | 434,371        | 17,276   | 117,077   | 98,885  | 318,050 | 985,659 |
| Securitisation liabilities to external investors | -              | 14,349   | 109,901   | 101,127 | 320,384 | 545,761 |

Repo Series No. 1 was established to facilitate the Bank's contingency liquidity management. The Bank transfers eligible mortgage receivables to Repo Series No. 1 and simultaneously purchases the RMBS issued by the Series. The senior RMBS, which are rated Aaa(sf) by Moody's, are eligible for sale and repurchase transactions with the RBA and as such enhance the liquidity position of the Bank.

The securitisation liabilities to external investors represent the outstanding balance of the senior notes issued by Series 2015-1PP and ANZ Warehouse Series, and the outstanding note balances of Salute Series 2021-1 and Salute Series 2024-1. These amounts have been recognised as secured borrowings of the Bank and are disclosed in note 22.

Salute Series 2021-1 and Salute Series 2024-1 meet APRA's operational requirements for regulatory capital relief under APS 120 Securitisation.

In June 2026, the aggregate outstanding balance of all mortgage loans in Series 2015-1PP fell below 10% of that at the issue date of the Notes, and the clean-up call was triggered.

The mortgage receivables transferred to all of the above series have not been derecognised, as the Bank retains substantially all of the risks and rewards of the transferred assets (see note 3n).

# Notes to the financial statements

for the financial year ended 30 June 2026

## 30. Controlled entities

The parent entity is the Bank. Details in relation to its controlled entities at the end of the financial year are as follows:

| <b>Name</b>             | <b>Country of establishment</b> | <b>2026<br/>% owned</b> | <b>2025<br/>% owned</b> |
|-------------------------|---------------------------------|-------------------------|-------------------------|
| DBL Funding Trust No. 1 | Australia                       | 100%                    | 100%                    |

### Transactions with controlled entities

The following transactions occurred with controlled entities:

#### Receipts

|                         | <b>2026<br/>\$000</b> | <b>2025<br/>\$000</b> |
|-------------------------|-----------------------|-----------------------|
| Servicer fee            | 1,745                 | 1,677                 |
| Trust manager fee       | 116                   | 112                   |
| Trust administrator fee | 233                   | 224                   |

#### Payments

|                                                              |        |        |
|--------------------------------------------------------------|--------|--------|
| Payment of offset interest amounts under terms of trust deed | 17,616 | 17,545 |
|--------------------------------------------------------------|--------|--------|

Additionally, the Bank receives distribution income from DBL Funding Trust No.1 and interest income on its investment. However, these amounts are not recognised on the Bank's stand-alone financial statements as the transfer of loans fails to meet the accounting derecognition criteria.

## 31. Financial commitments

### Outstanding loan commitments

|                                               | <b>Group and Bank</b> |                       |
|-----------------------------------------------|-----------------------|-----------------------|
|                                               | <b>2026<br/>\$000</b> | <b>2025<br/>\$000</b> |
| Loans approved but not advanced               | 156,287               | 127,754               |
| Amounts available for redraw under term loans | 410,150               | 353,199               |
| Unused balance of revolving credit facilities | 43,143                | 43,441                |
|                                               | <b>609,580</b>        | <b>524,394</b>        |

Generally, there are no restrictions to the withdrawal of funds within undrawn credit commitments, provided contractual repayments are maintained. Many of the commitments included above are expected, based on historical experience, to expire without being drawn upon. The amounts disclosed in this note do not form part of loans and advances as presented on the Consolidated statement of financial position and no ECL is calculated for these commitments.

### b. Financial risk management objectives

The Group is exposed to a number of risks arising from the use of financial instruments in the normal course of its operations. These risks primarily include market risk, credit risk and liquidity risk.

The Group seeks to manage these risks through a series of internal risk reports which analyse exposures by degree and by magnitude of risk. Key measures, which act as proxies for the specific risks, are tracked against pre-established thresholds set by the Board as part of its overarching risk management policy. Compliance with policy and exposure limits is reviewed by the internal auditor on an ongoing basis.

### c. Market risk

Market risk is the risk of changes in market prices affecting the Group's income or the value of positions held by the Group. As the Group does not deal in foreign contracts, commodities or equity securities, market risk consists solely of interest rate risk. Interest rate risk is defined as the risk of change in the fair value of future cash flows arising from financial instruments due to variability in interest rates. The Group is exposed to interest rate risk as a result of mismatches between the repricing dates of financial assets and liabilities.

The objective of interest rate risk management is to manage and control interest rate risk exposures within acceptable parameters, whilst optimising return. To this end, the Board has in place a comprehensive market risk policy which establishes a methodology for the calculation, examination and reporting of the interest rate risk position on a regular basis. Management of interest rate risk is vested in the ALLC. The Committee meets regularly to review the interest rate risk position and takes decisions to mitigate identified market risks. Action taken by the ALLC is reported to the Board.

The Group does not enter into, or trade in, financial instruments for speculative purposes and as such the interest rate risk the Group is exposed to arises only from activities within its banking book.

There has been no material change to the Group's exposure to interest rate risk, or the manner in which these risks are managed and measured, over the reporting period.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 32. Financial instruments (continued)

### c. Market risk (continued)

The interest rate sensitivity analysis below indicates the sensitivity of the Group's profit and equity to changes in interest rates, and has been prepared assuming the balance of floating rate assets and liabilities outstanding at the end of the reporting period were outstanding for the whole reporting period. Accordingly, a 200 basis point increase in interest rates compared to actual rates would increase profit and equity by the following amounts. A 200 basis point decrease in interest rates would decrease profit and equity by the same amounts.

|                  | Group  |        | Bank   |        |
|------------------|--------|--------|--------|--------|
|                  | 2026   | 2025   | 2026   | 2025   |
|                  | \$000  | \$000  | \$000  | \$000  |
| Profit after tax | 38,044 | 35,865 | 37,666 | 35,543 |
| Equity           | 38,044 | 35,865 | 37,666 | 35,543 |

### d. Credit risk

Credit risk is the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk for the Group can be segregated as follows:

#### Loans and advances

The risk of losses that may arise from loans advanced to members is mitigated by the careful application of loan assessment criteria designed to ensure capacity to pay and by the nature and quality of any collateral taken as security. Where collateral is held, it is in the form of mortgage interests over residential property, mortgage insurance and guarantees with regard to housing loans, and other registered securities over motor vehicles with regard to personal lending.

In the case of loans secured by a registered first mortgage over residential property, the Group requires borrowers to obtain mortgage insurance to cover the total indebtedness to the Group in situations where the loan to valuation ratio is more than 80%. This policy might be waived at an individual loan level after taking into account the financial position of the borrower. Details of the loan to value ratio of the home loan portfolio are disclosed at note 13b.

The Group has a concentration of credit risk by industry sector to the Defence community (serving and former members of the Australian Defence Force, Defence civilians, contractors and families of this bond). This concentration is considered to be acceptable on the grounds that the Group was formed to secure the financial needs of these members and the employment concentration is not exclusive. Should members cease employment within the Australian Defence Force, the loans continue and other employment opportunities are available to members to facilitate the repayment of loans.

#### Investments

The risk of losses arising from investments made as part of managing the Group's liquid asset portfolio is mitigated by a series of policies that limit both the counterparties with which the Group transacts and also the aggregate exposure to any one counterparty.

There have been no changes to the manner in which credit risk is managed during the financial year.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 32. Financial instruments (continued)

### d. Credit risk (continued)

The Group's maximum exposure to credit risk at reporting date in relation to each class of financial asset is the gross carrying amount of those assets as indicated below. The credit quality of the Group's financial assets at the end of the financial year are as follows:

#### Credit risk exposure - Cash, cash equivalents and investments with other ADIs

|                                        |            | Group   |         | Bank    |         |
|----------------------------------------|------------|---------|---------|---------|---------|
| Standard & Poor's or equivalent rating |            | 2026    | 2025    | 2026    | 2025    |
| Long term                              | Short term | \$000   | \$000   | \$000   | \$000   |
| AAA to AA-                             | A1+        | 443,054 | 414,935 | 416,076 | 391,904 |
| A+ to A-                               | A1 to A2   | 215,641 | 111,588 | 215,641 | 111,588 |
| BBB+ to BBB-                           | A3         | 87,169  | 108,212 | 87,169  | 108,212 |
|                                        |            | 745,864 | 634,735 | 718,886 | 611,704 |

Ratings grades refer to Standard and Poor's (S&P) rating levels for long term and short term issuer ratings respectively. Where a counterparty is rated by an alternative ratings agency, its rating has been classified in line with the equivalent S&P rating. At 30 June 2026 an ECL assessment was undertaken in relation to cash and investments held with other ADIs, and has been determined to be immaterial (30 June 2025: immaterial).

#### Credit risk exposure - Loans and advances

An analysis of financial assets classified by risk grade under the expected credit losses model is as follows:

| Group and Bank           |           |         |         |           |
|--------------------------|-----------|---------|---------|-----------|
| 2026                     |           |         |         |           |
|                          | Stage 1   | Stage 2 | Stage 3 | Total     |
|                          | \$000     | \$000   | \$000   | \$000     |
| Overdrafts               | 2,483     | -       | 29      | 2,512     |
| Credit cards             | 12,227    | 58      | 24      | 12,309    |
| Term loans               | 4,073,560 | 1,503   | 9,710   | 4,084,773 |
| Gross loans and advances | 4,088,270 | 1,561   | 9,763   | 4,099,594 |

  

| Group and Bank           |           |         |         |           |
|--------------------------|-----------|---------|---------|-----------|
| 2025                     |           |         |         |           |
|                          | Stage 1   | Stage 2 | Stage 3 | Total     |
|                          | \$000     | \$000   | \$000   | \$000     |
| Overdrafts               | 2,599     | -       | 22      | 2,621     |
| Credit cards             | 11,621    | 42      | 49      | 11,712    |
| Term loans               | 3,680,012 | 2,603   | 8,717   | 3,691,332 |
| Gross loans and advances | 3,694,232 | 2,645   | 8,788   | 3,705,665 |

  

|                                          | Stage 1   | Stage 2 | Stage 3 | Total     |
|------------------------------------------|-----------|---------|---------|-----------|
|                                          | \$000     | \$000   | \$000   | \$000     |
| Gross loans and advances at 1 July 2025  | 3,694,232 | 2,645   | 8,788   | 3,705,665 |
| Transfer to stage 1                      | 4,761     | (663)   | (4,098) | -         |
| Transfer to stage 2                      | (1,396)   | 1,482   | (86)    | -         |
| Transfer to stage 3                      | (6,540)   | (557)   | 7,097   | -         |
| Loans written off                        | (48)      | -       | (57)    | (105)     |
| Loans discharged                         | (465,739) | (1,364) | (2,797) | (469,900) |
| New loans and advances originated        | 1,204,776 | 98      | 948     | 1,205,822 |
| Other changes in loan balances           | (341,776) | (80)    | (32)    | (341,888) |
| Gross loans and advances at 30 June 2026 | 4,088,270 | 1,561   | 9,763   | 4,099,594 |

Transfer to stage 3 represents an increase in the value of loans being provided some form of hardship accommodation.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 32. Financial instruments (continued)

### d. Credit risk (continued)

In arriving at the loss provision for 30 June 2026, the Group undertook probability-weighted assessment, taking account of the probability of default, the loss given default and the exposure at default, including a forward-looking macroeconomic assessment and the use of overlays designed to represent model risk and possible future changes to underwriting risk appetite.

It is important to note that the assumptions made in these assessments, and in determining the different possible scenarios, are subject to judgement. The possible scenarios considered in arriving at the 30 June 2026 loss provision are as set out below:

|                                                          | Best case scenario | Base case scenario | Worst case scenario |
|----------------------------------------------------------|--------------------|--------------------|---------------------|
| Change in residential property prices                    | 5%                 | 0%                 | -20%                |
| % payout by value for lender's mortgage insurance claims | 100%               | 90%                | 70%                 |

## 32. Financial instruments (continued)

### e. Liquidity risk

Liquidity risk is the risk that the Group may experience difficulties in raising funds to meet its commitments. The objective of liquidity risk management is to ensure that the Group always has sufficient liquidity to meet its liabilities under both normal and stressed market conditions.

The Group manages liquidity risk primarily through adherence to Board policies that require the Group to maintain a minimum percentage of adjusted liabilities as liquid assets at all times. This policy is made with reference to APRA requirements for Minimum Liquid Holdings, as defined under APS 210, and sets out various trigger levels and the required course of action should the liquidity ratio fall below these levels.

The ALLC meets regularly to consider the liquidity position of the Group and set rates as appropriate to manage liquidity within policy requirements. As at 30 June 2026 the Minimum Liquid Holdings ratio was 14.8% (2025: 14.5%).

The Group maintains the following borrowing facilities with Cuscal at the reporting date:

|                                    | Group and Bank |               |
|------------------------------------|----------------|---------------|
|                                    | 2026<br>\$000  | 2025<br>\$000 |
| <b>Overdraft facility:</b>         |                |               |
| Committed limit                    | 5,000          | 5,000         |
| Drawn amount                       | -              | -             |
| Total undrawn facilities available | 5,000          | 5,000         |

### Contingent Liquidity

The Bank also holds RMBS issued by DBL Funding Trust No. 1 Repo Series No. 1, which are eligible for sale and repurchase transactions with the RBA and serve to strengthen the Group's liquidity position. The value of securities outstanding that are eligible for sale and repurchase transaction with the RBA at the end of the reporting period are as follows:

|                                                                               | 2026<br>\$000 | 2025<br>\$000 |
|-------------------------------------------------------------------------------|---------------|---------------|
| Aaa(sf) rated RMBS                                                            | 441,642       | 420,846       |
| Less: pledged as collateral for secured borrowings from the RBA (see note 22) | -             | -             |
|                                                                               | 441,642       | 420,846       |

To manage the liquidity risk arising from its financial liabilities, the Group utilises liquidity management strategies and liquidity contingency plans that manage liquidity on a daily basis. The Group holds liquid assets comprising cash and cash equivalents and investment grade securities for which there is an active and liquid market. These assets can be readily sold to meet liquidity requirements. Therefore, the Group believes it is not necessary to disclose a maturity analysis in respect of these assets to enable the users to evaluate the nature and extent of liquidity risk.

## 33. Operational risk

Operational risk refers to the risk of direct or indirect loss, resulting from inadequate or failed internal processes and systems, or from external events. Wherever possible, the Group incorporates operational risk controls into its processes, in a manner that is appropriate to the activities being conducted. Examples of these controls are set out below:

- clearly communicated policies and procedures;
- the integration of all relevant controls within these policies and procedures;
- regular monitoring of risk thresholds and limits, with reference to the Bank's risk appetite statement;
- ensuring adherence to all relevant laws and regulatory requirements;
- safeguarding the use of, and access to, the Bank's assets and records;
- maintaining segregation of duties by way of role separation and segregating systems access with the use of passwords and user-based authority levels, to protect the Bank against internal fraud; and,
- the promotion of effective IT security, including regular employee education, and restricting systems access through the use of passwords and other security measures.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 34. Capital

### Capital management

APRA Prudential Standards require ADIs to maintain at all times a minimum ratio of total capital to risk-weighted assets of 8%, comprising, at a minimum, a Common Equity Tier 1 ratio of 4.5% and a total Tier 1 ratio of 6.0%. The Group's capital ratio at the end of the financial year is as follows:

|                            | Group and Bank |      |
|----------------------------|----------------|------|
|                            | 2026           | 2025 |
|                            | %              | %    |
| Common Equity Tier 1 ratio | 14.2           | 15.2 |
| Total Tier 1 Capital ratio | 14.2           | 15.2 |
| Tier 2 Capital ratio       | 2.6            | 0.9  |
| Total Capital ratio        | 16.8           | 16.1 |

Tier 2 Capital is a tier 2 capital instrument in the form of a \$50 million 10 year, non-call 5 year, floating rate subordinated note, issued on 24th September 2025.

Under the securitisation deconsolidation principle, where the Bank participates in a securitisation that meets APRA's operational requirements for regulatory capital relief under APS 120 Securitisation, the underlying assets (i.e. the pool of residential mortgage loans) under such a securitisation may be excluded from the calculation of regulatory capital. Salute Series 2021-1 and Salute Series 2024-1 are compliant with APS 120, hence their assets are not included in the calculation of capital adequacy.

As part of its risk management framework, the Group has developed an Internal Capital Adequacy Assessment Process to monitor and manage capital in a manner that is consistent with the assessed risk exposure and forecast levels of business activity. Capital is managed in a range comfortably above the 8% minimum required by APRA and incorporates an annual assessment of appropriate risk exposures for operational, market and credit risks.

## 35. Key management personnel

### Compensation of key management personnel

Key management personnel during the financial year comprised eight non-executive directors (2025: seven), and ten executive managers (2025: nine). The aggregate compensation made to key management personnel of the Group during the financial year is as follows:

|                                              | 2026      | 2025      |
|----------------------------------------------|-----------|-----------|
|                                              | \$        | \$        |
| Non executive directors' remuneration:       |           |           |
| Short-term employee benefits                 | 903,539   | 820,314   |
| Executive management remuneration:           |           |           |
| Short-term employee benefits                 | 4,515,225 | 3,768,381 |
| Other long-term benefits                     | 33,214    | 119,438   |
| Termination benefits                         | -         | 174,507   |
|                                              | 4,548,439 | 4,062,326 |
| Total key management personnel remuneration: |           |           |
| Short-term employee benefits                 | 5,418,764 | 4,588,695 |
| Other long-term benefits                     | 33,214    | 119,438   |
| Termination benefits                         | -         | 174,507   |
|                                              | 5,451,978 | 4,882,640 |

# Notes to the financial statements

| Other assurance and agreed-upon procedures under other legislation or contractual arrangements | 213,345    | 238,637    | 213,345    | 238,637    |
| Other services:                                                                                |            |            |            |            |
| - Tax consulting services                                                                      | 39,700     | 38,170     | 39,700     | 38,170     |
| - Other consulting services                                                                    | 10,643     | 30,154     | 10,643     | 30,154     |
|                                                                                                | 263,688    | 306,961    | 263,688    | 306,961    |

Statutory assurance services required by legislation include audit or reviews of procedures in relation to Retirement Savings Accounts (RSA), Australian Financial Services Licence (AFSL), securitisation and Australian Prudential Standards APS 310 (Audit and Related Matters) and APS 910 (Financial Claims Scheme). The amounts disclosed in this note are inclusive of GST.

# Notes to the financial statements

for the financial year ended 30 June 2026

## 37. Contingent liabilities

The Group is a party to CUFSS Limited, a company limited by guarantee that operates the voluntary Australian mutual banking industry self-funded emergency liquidity support scheme. As a participant in this scheme, the Group's commitment through the Industry Support Contract (ISC) is to:

- pledge a contingency commitment of 3% of Group total assets, currently capped at \$100 million, for emergency liquidity support, should it be required by a participant.
- in conjunction with other participants, fund the operating costs of CUFSS Limited.

At 30 June 2026, no liquidity support has been required of the Group.

## 38. Subsequent events

Since the end of the financial year, the directors have not become aware of any matters or circumstances that may significantly affect the operations, results of those operations, or the state of affairs of the Group.

## 39. Approval of financial statements

The financial statements were approved by the Board of directors and authorised for issue on 15 October 2026.

# Consolidated entity disclosure statement

as at 30 June 2026

The consolidated entity disclosure statement has been prepared in accordance with subsection 295(3A)(a) of the Corporations Act 2001. The entities listed in the statement are Defence Bank Limited and all the entities it controls in accordance with AASB 10 Consolidated Financial Statements.

| Entity name             | Entity Type    | Body corporates                    |                            | Tax residency            |                         |
|-------------------------|----------------|------------------------------------|----------------------------|--------------------------|-------------------------|
|                         |                | Place<br>formed or<br>incorporated | % of share<br>capital held | Australian or<br>foreign | Foreign<br>jurisdiction |
| Defence Bank Limited    | Body corporate | Australia                          | N/A                        | Australian               | N/A                     |
| DBL Funding Trust No 1. | Trust          | N/A                                | N/A                        | Australian               | N/A                     |

No entity included in the consolidated financial statements is a trustee of a trust, a partner in a partnership or a participant in a joint venture.
