## 1. Target Market

### Details

This product is designed for retail clients over 55 years who are likely to have the following:

Needs:

- a transactional banking account to conveniently manage their funds and facilitate payments
- a transactional account to have the full range of features even if that means higher fees
- a higher interest rate for having a large balance.
- require a transactional account with the ability to immediately access their funds using convenient access methods.

Objectives:

- to accumulate funds in order to meet ongoing expenses
- to transact and meet ongoing cashflow needs

Financial situation:

- a person wanting full access to their deposits and requires interest income.
